

The background of the top half of the image is a dark blue field with a faint, glowing financial chart. The chart features a grid of vertical and horizontal lines. A series of white dots of varying sizes are arranged in a circular pattern to the right of the company name. Several data points are highlighted with blue circles and numbers: 17.03 (with an upward arrow), 19.50 (with a downward arrow), 21.43 (with a downward arrow), and 27.07 (with a downward arrow). A blue curved line representing a trend or price movement arcs across the chart.

pennyswift

...Every Penny Grows

The bottom half of the image features a white background with several stylized, 3D-rendered currency elements. On the left, there is a green banknote with a white dollar sign. In the center, there is a white coin. On the right, there is a gold coin. These elements are partially visible, suggesting they are floating or scattered.

*Empowering Africa's financial future through smart,
ethical, and automated trading.*

Company Overview

Pennyswift Ltd is a fully registered limited liability company under the Corporate Affairs Commission (CAC) of Nigeria. It stands as one of Africa's leading brands in forex education, copy trading, and investment management, merging human expertise with technology to create consistent, transparent, and sustainable financial results.

With a strong operational presence in Abuja and Enugu, Pennyswift is redefining Africa's participation in the global financial market through structured education, automation, and community-driven trading systems.

Currently, Pennyswift Ltd manages over \$2 million in active trading liquidity, providing both institutional and retail investors access to transparent, result-driven trading through its copy trading and education platforms.

Vision:

To raise a new generation of Africans who are financially intelligent, globally relevant, and capable of participating safely in the financial markets.

Mission:

To provide structured forex education and transparent access to copy trading systems that empower individuals, businesses, and families to grow consistently through verified financial strategies.

Our Core Services

1. Forex Education The Pennyswift Academy

Pennyswift Academy bridges the gap between knowledge and financial independence.

Our approach is simple — train, mentor, and empower individuals to master the market both intellectually and practically.

Programs Include:

- Basic, Intermediate, and Advanced Forex Training
- Money and Risk Management Techniques
- Trading Psychology and Discipline
- Algorithmic and AI-Assisted Trading
- Copy Trading and Investment Management

Training takes place on real trading floors where students learn with live charts, professional mentors, and hands-on sessions. We don't just teach theory — we raise traders who can create wealth confidently.

A background image featuring a dark blue gradient with a candlestick chart pattern in red and green at the top. In the bottom left corner, there is a white statue of a man in a thinking pose. In the bottom right corner, there is a stylized illustration of a hand holding a pen, with a line graph and a coin visible.

2. Copy Trading

Profit through Partnership

Pennyswift's Copy Trading System allows investors to earn passively while retaining full control of their funds.

How It Works:

1. Open a verified account with our licensed broker, YWO (YWO.COM)
2. Fund your trading account with a minimum of \$3000.
3. Search for Pennyswift CopyTrade and subscribe.
4. Every trade executed by Pennyswift experts is automatically mirrored in your account — in real time.

This model ensures that your capital remains safe, transparent, and within your custody. You can pause, withdraw, or monitor every trade at any time.

UNDERSTANDING THE CONCEPT OF COPY TRADING

Copy trading is one of the safest and most efficient ways to invest in the forex market. It gives you the liberty to earn from professional traders without handing your money over to anyone.

Every investor maintains full access and visibility over their funds. You can see trades open and close in real time, with complete control to stop copying or withdraw whenever you choose.

This system protects investors from Ponzi schemes and false investment platforms, as it eliminates middlemen and allows investors to engage directly with global market operations.

Pennyswift's model merges transparency with automation — allowing both new and experienced investors to grow financially without risk of losing control over their capital.

How People Earn through Copy Trading

Minimum investment: \$3,000

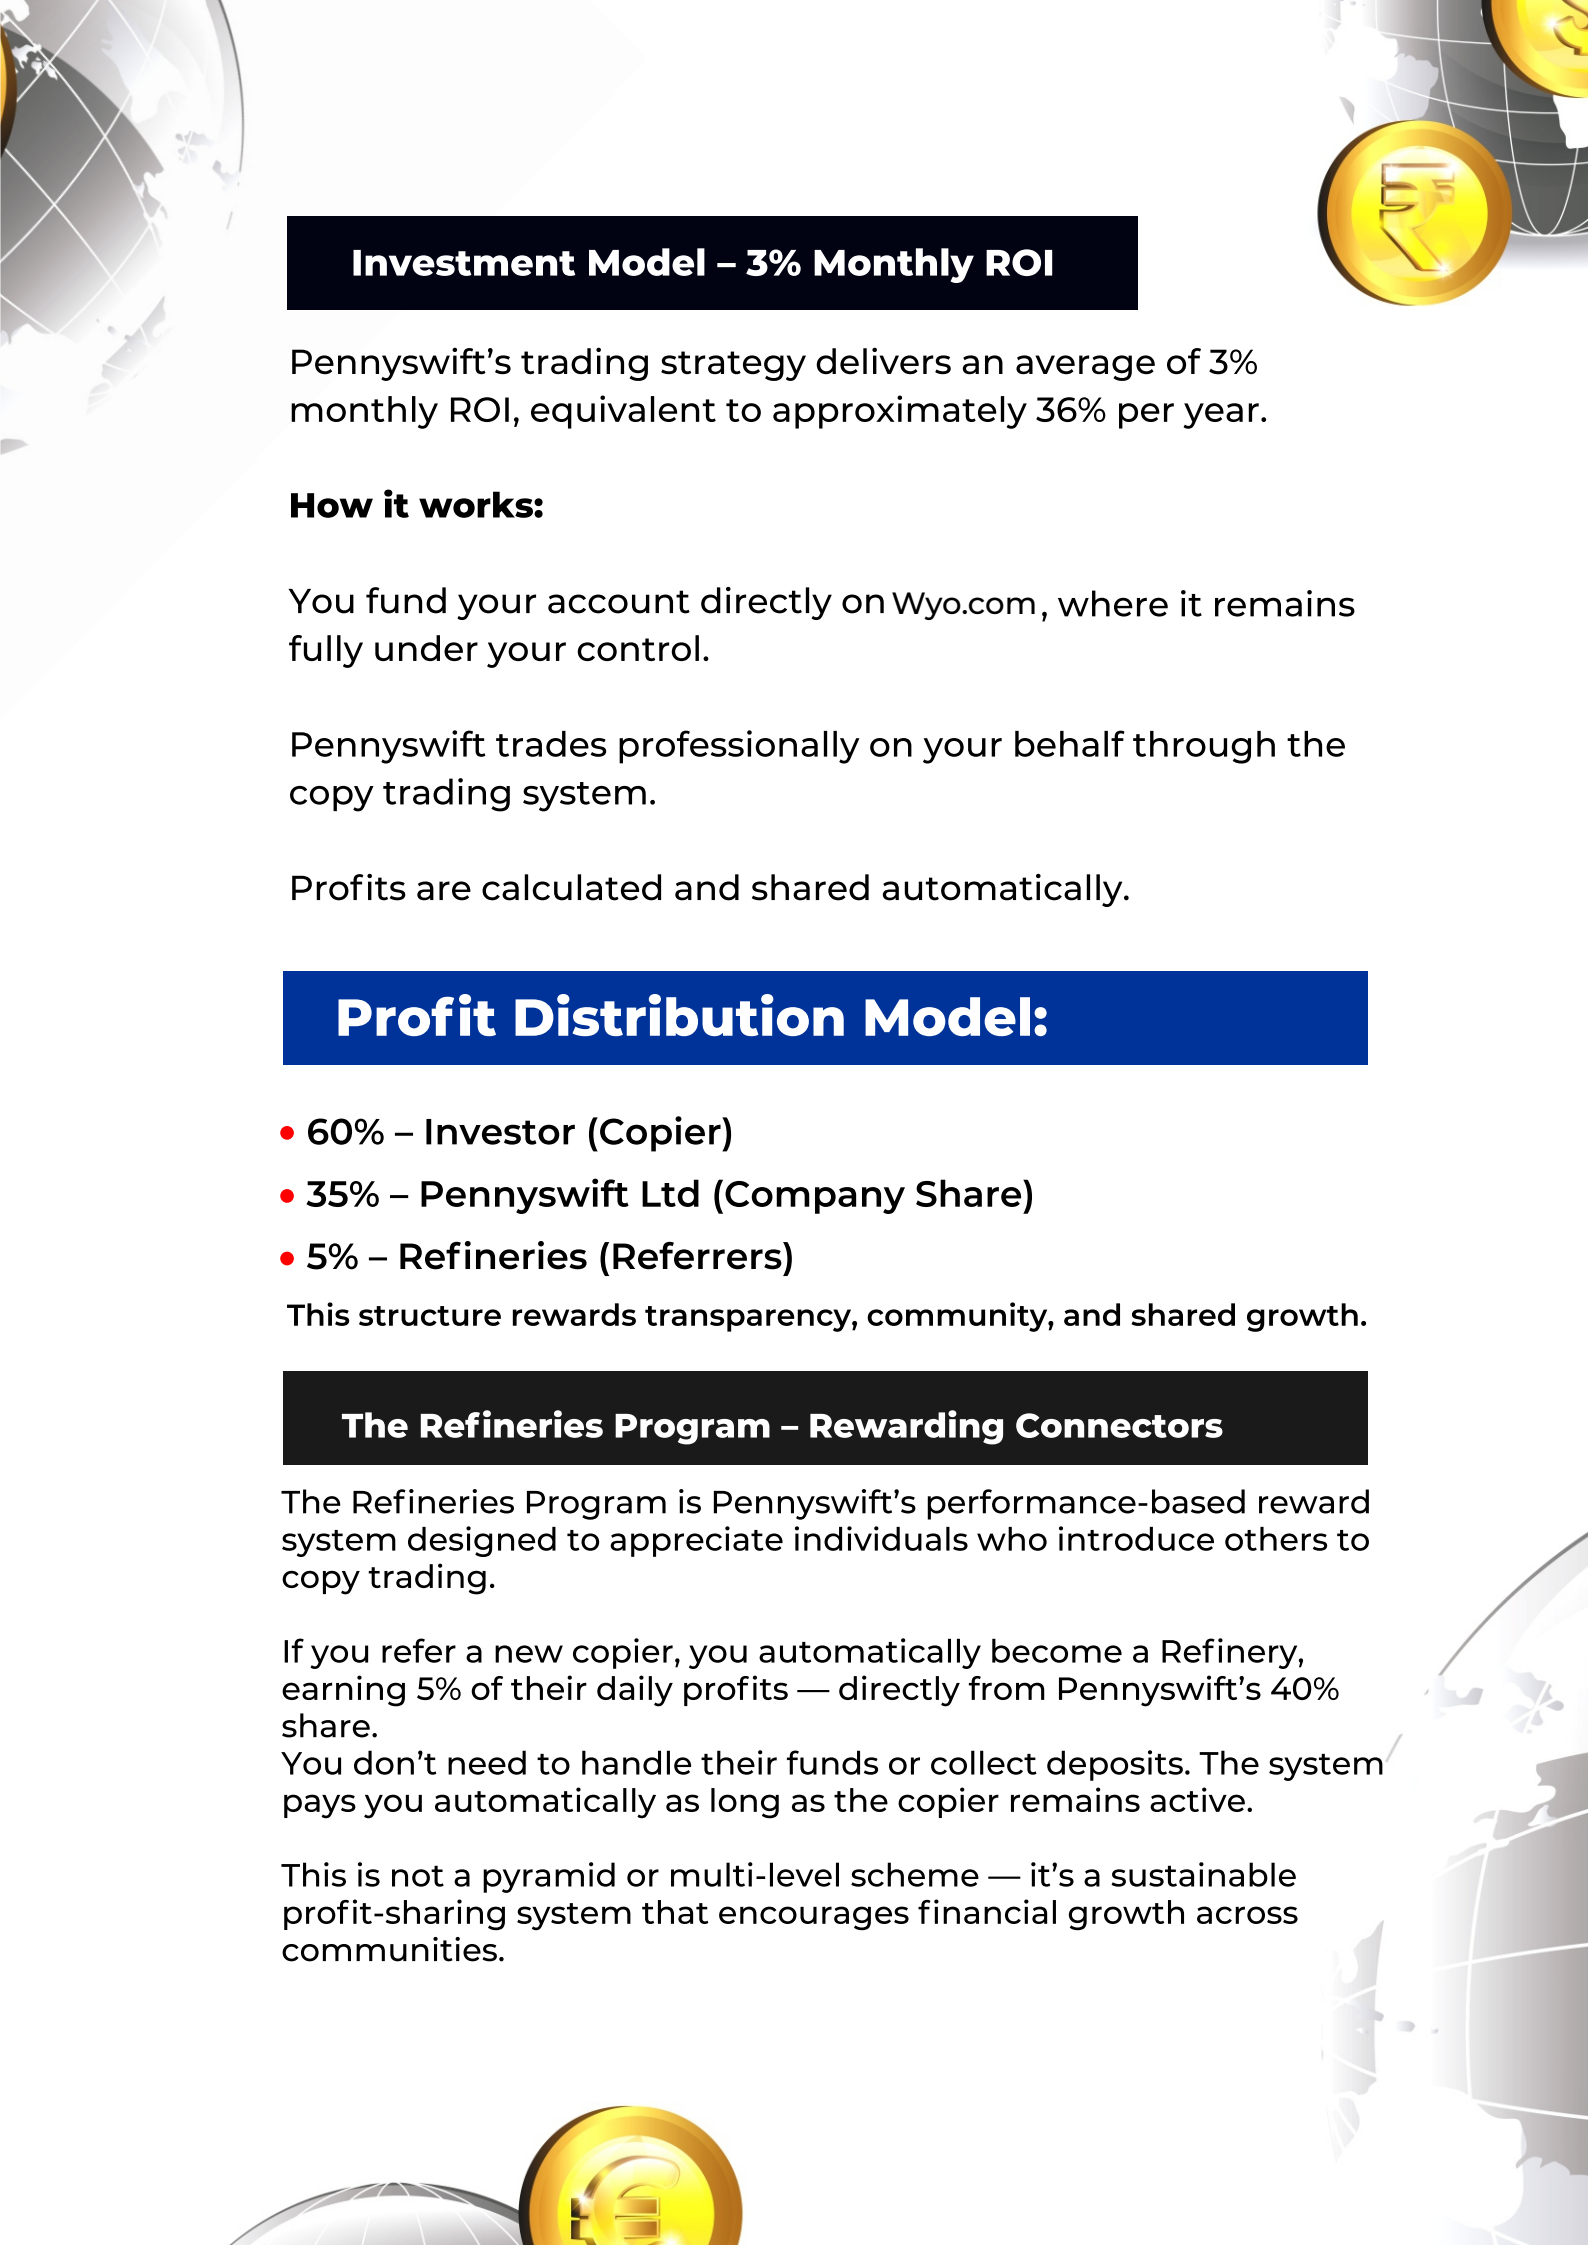

All trades are executed automatically on your Ywo account.

You earn whenever Pennyswift's expert traders make profits.

You can stop or withdraw anytime — your account, your control.

This creates a safe ecosystem where profits are real, measurable, and sustainable — not dependent on recruitment or speculation.

Investment Model – 3% Monthly ROI

Pennyswift's trading strategy delivers an average of 3% monthly ROI, equivalent to approximately 36% per year.

How it works:

You fund your account directly on Wyo.com, where it remains fully under your control.

Pennyswift trades professionally on your behalf through the copy trading system.

Profits are calculated and shared automatically.

Profit Distribution Model:

- 60% – Investor (Copier)
- 35% – Pennyswift Ltd (Company Share)
- 5% – Refineries (Referrers)

This structure rewards transparency, community, and shared growth.

The Refineries Program – Rewarding Connectors

The Refineries Program is Pennyswift's performance-based reward system designed to appreciate individuals who introduce others to copy trading.

If you refer a new copier, you automatically become a Refinery, earning 5% of their daily profits — directly from Pennyswift's 40% share.

You don't need to handle their funds or collect deposits. The system pays you automatically as long as the copier remains active.

This is not a pyramid or multi-level scheme — it's a sustainable profit-sharing system that encourages financial growth across communities.

PENNYSWIFT COPY TRADING CAPITAL STRUCTURE

YWO COPY TRADING

Lbeginner Startup

Capital Range: \$1000 - \$10,000

IMPORTANT NOTICE

Forex and CFD trading involve substantial risk. Past performance does not guarantee future results. Profits are not guaranteed, and losses may occur. Investors should only participate with capital they can afford to risk.

TRUST, TRANSPARENCY, AND SECURITY

Pennyswift Ltd was built to restore trust in financial systems. We stand firmly on integrity, structure, and accountability.

We will never:

Ask you to deposit into personal or unofficial accounts.

Promise unrealistic or guaranteed returns.

Operate like a Ponzi scheme or run unregulated investment programs.

Your funds always remain under your control with Exness, a globally regulated broker known for security, liquidity, and instant withdrawals.

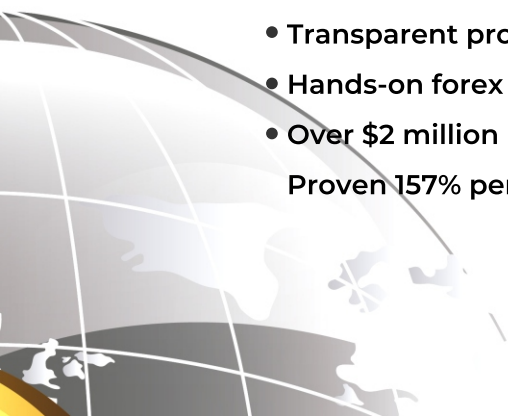

Pennyswift only trades, we don't hold investors' money.

Why Choose Pennyswift

- Registered with the Corporate Affairs Commission (CAC)
- Licensed to operate and advertise nationwide
- Offices in Abuja and Enugu with real trading floors
- Partnered with YWO (regulated international broker)
- Transparent profit-sharing system (60/35/5)
- Hands-on forex education and mentorship
- Over \$2 million in liquidity currently under management

Proven 157% performance within 51 days of initial copy trading launch

Pennyswift represents a bridge between financial education and real trading performance, setting a new standard of transparency for the African financial ecosystem.

Founder's Profile

Benjamin Israel Ebenezer, popularly known as Mr. Blue of Wall Street, is a seasoned trader, mentor, and visionary entrepreneur with over eight years of consistent trading experience.

As the founder and chairman of Pennyswift Ltd, Benjamin has built a system that combines technology, mentorship, and ethics to empower Africans through financial literacy and wealth creation.

His philosophy is simple: "Trading is not a get-rich-quick scheme — it is a structured path to financial independence when done with knowledge and discipline."

BUILDING AFRICA'S FINANCIAL FUTURE
